Do you think we need to add anything about the emergencies act from your perspective? My GM is reviewing and may want to add something. I assume councilors will have questions about it and if it helped EPS in forcing tow companies to do the work. I don't know if it was bylaw that did the forcing or if Police did.

well maybe from your GM lol.. from our perspective the Emergencies act gave police abilities that they apparent took on but we did not

Ottawa Police Service is facilitating all towing activity with respect to the demonstration. At the request of Ottawa Police Services, Emergency and Protective Services has engaged in some towing activity. By-law and Regulatory Services was able to leverage one of the standing offer providers as well as Sole Sourced providers.
